

## REFLECTION

In Pope Francis' encyclical, *Laudato Si - On Care for Our Common Home*, we learn that everything is interconnected. There are not two crises - one social and the other environmental but one complex crisis involving both.

The ecological conversion is needed for us to live as stewards of God's creation and it creates lasting changes in the community.

### Vision

To care for the earth in order to leave a better world for future generations

### Mission

We care for our common home through prayer and action following Pope Francis' message. "How inseparable the bond is between concern for nature, justice for the poor, commitment for society and inner peace." (LS 10)
